The excellent location of the hotel in the heart of the city encourages exploration of the attractions of Bydgoszcz. There are many interesting places to visit a short walk away from the hotel.

Charming Bydgoszcz Venice, the Mill Island, granaries, churches and Art Nouveau buildings along the main streets create a unique atmosphere.

Some of the noteworthy attractions include EXPLOSEUM DAG Fabrik Bromberg, the Bydgoszcz Canal and the 'Myślęcinek' Forest Park of Culture and Leisure – an excellent place of leisure (it comprises a zoo, an amusement park, a horse riding centre, a botanical garden, a minigolf field, a skatepark, and a ski slope in winter).

We also recommend exploring the city and its surroundings by water tram, by kayak or by bike.
